PREMIUM LIST

AND

REGULATIONS

GOVERNING THE

FIRST ANNUAL EXHIBITION

OF THE

New York Poultry Exchange,

TO BE HELD AT

MADISON SQUARE GARDEN,

New York, Dec. 14-21, 1887.

ENTRIES CLOSE DECEMBER FIRST.

O. JUDD COMPANY,

THE GREAT RURAL PUBLISHING HOUSE

IS constantly bringing out new books pertaining to Poultry, and the Farm, Garden and Household generally. Their latest volume, which, though only out a short time, has reached a sale of Eleven Thousand, and become the recognized standard work on Poultry, is entitled,

Profits in Poultry.

USEFUL AND ORNAMENTAL BREEDS.—The cheapest and most valuable publication ever issued on this industry. Contains the combined experience of practical men in all the Departments of Poultry Raising. Edited by WELD, JACOBS and FERRIS. Over 100 illustrations. 275 pages. Cloth, 12mo. Sent post paid, \$1.00.

Among other standard works pertaining to Poultry are the following :

Stoddard's An Egg Farm.

The management of Poultry in large numbers being a series of articles written for the "American Agriculturist." Illustrated. By H. H. STODDARD. 12mo., cloth. Price, post paid, 50c.

Wright's Practical Poultry Keeper.

A complete and standard Guide to the Management of Poultry for domestic use, the markets, or exhibition. This book is a valuable manual for everybody who feeds chickens or sells eggs. Illustrated. By I. WRIGHT. Cloth, 12mo. Price post paid, \$2.00.

Cooper's Game Fowls.

Their Origin and History, with a description of the Breeds, Strains and Crosses, the American and English modes of Breeding, Training, etc. How to Breed and Cross, Improving Quality and Preserving Feather, together with a description and

treatment of all Diseases incident to Game Fowls. By J. W. COOPER, M. E. Standard Edition. 8vo. Price, post paid, \$5.00.

OTHER STANDARD WORKS.

The Pleasures of a Pigeon Fancier.

By Rev. J. LUCAS. Illustrated with Colored Plates. Price, post paid, \$1.50.

How to Handle and Educate Vicious Horses.

By OSCAR R. GLEASON. Cloth, 12mo. Price, post paid, 50c.

The Dogs of Gt. Britain, America & other Countries.

New and Enlarged Edition. Price, post paid, \$2.00.

The *American Agriculturist*, which for half a century has been the recognized authority in all matters pertaining to agriculture, has a special department devoted to *Poultry*, conducted by leading writers, those of great practical experience. This department fully abounds in illustrations of new breeds, Poultry Houses, etc., etc. Price of the *American Agriculturist*, English or German, one year, \$1.50.

Send postal card for our elegant illustrated catalogue of several hundred publications pertaining to Rural Life forwarded post free to any address.

O. JUDD CO.,

DAVID W. JUDD, Pres't.

Publishers and Importers of Works Pertaining to Rural Life,

751 BROADWAY, NEW YORK.

ASHLAND HOUSE,

FOURTH AVENUE and TWENTY-FOURTH STREET.

Restaurant and Cafe Strictly First-Class.

SPECIAL ATTENTION GIVEN TO SUPPER PARTIES.

HOTEL CONDUCTED ON BOTH

AMERICAN AND EUROPEAN PLANS.

H. H. BROCKWAY, Proprietor.

AMONG the many first-class Hotels surrounding Madison Park, the ASHLAND is most central (for business or pleasure) to City Visitors.

The Elevated Roads stopping at 23d Street station (in the midst of places of amusement and fashionable retail and wholesale stores), and 23d Street cars bring passengers to the door. The Fourth Avenue line of cars passes the House going down town to the Great Brooklyn Bridge and General Post Office. Also going up town to the Grand Central Depot (which is only ten minutes ride from the Hotel). The cross-town cars from door carry guests to and from Erie and Coney Island R. R. Depots, and Steamboats landing foot of 23d and 34th Streets, East River, and 23d Street, North River.

Passengers coming from or going to the West Shore Rail Road take the 42d and Grand Street Ferry R. R., known as the Green Car Line, which passes the Hotel at 23d Street and 4th Avenue.

One of the chief attractions of the Ashland is its first-class Restaurant, second to none in the City.

The House being conducted on the American and European plans, guests have the choice of rooms with board, or rooms without board.

PRICES:

ROOMS WITH BOARD,	- - -	\$2.00, \$2.50 and \$3.00 per day.
ROOMS WITHOUT BOARD,	- - -	\$1.00 and upwards.
BREAKFAST,	- - -	75 cents.
LUNCH,	- - -	50 "
DINNER,	- - -	\$1.00

PROPRIETOR,

AT

CORNELL UNIVERSITY

ANNOUNCEMENT.

The remarkable advance that the Poultry Industry in all parts of the United States has made, the number of breeders now engaged in raising thoroughbred fowls, and the ever increasing interest in these fowls make it important that an Annual Exhibition, that is National in its character be held.

Breeders and Fanciers who produce high class birds of superior qualifications in beauty of feather and shape, and of economic value for their productiveness, whether their object is the gratification of the pleasure of ideal breeding, or a practical business one, are alike interested in bringing their birds to a mammoth exhibition every year, that true comparisons may be made and improvements shown. Local shows are invaluable in all parts of the country, but there should be ONE show where comparisons will not be local but National, and which will be the tribunal of final judgment for the birds of this country.

That this show should be held in the Metropolis of the country there can be no doubt. The advantages of access, of accommodation, of centrality, are indisputable. And the fact that nowhere can so many breeders, raisers and lovers of good fowls be brought together and so good a financial support be obtained as in this city is already established.

The New York Show is now permanently established by the formation of the New York Poultry Exchange. And this year's exhibition will, without doubt, bring together the greatest number of high class fowls, fancy pigeons and minor pets, and the largest assemblage of people ever attracted by any similar show in this country.

Each Department will be under expert management, and will be made an individual feature of the exhibition. Every exhibitor, whether he be an amateur making his first exhibit or a veteran breeder, will have the same attention paid to his specimens and they will stand the same chance for premiums. The best birds will win. The management are not interested in any clique, or set of breeders, and absolute impartiality will be insisted upon.

The intrinsic value of the premiums offered is not large, and some breeders may raise the point that the amount of the money prizes is not sufficient to pay them for exhibiting. The answer to this is the fact that a First or even a Second Prize Medal won at the New York show, will bring the winner sales and orders that will amount to many times the value of any premium that the association could consistently offer. The New York Show is pre-eminently the best show for sales of any in this country. There is always a large demand for the superior strains of fowls and their eggs, and better prices are obtained than at any other show.

Extensive advertising and numbers of attractive features will largely increase even the large attendance of former years, and the opportunities for selling will be better than ever before. Breeders of known reputation and standing, will consult their own interest by exhibiting a large number of their best fowls, and new breeders will find this show the most effective method of bringing their fowls before the public, and of obtaining standing among the poultry fraternity. The mere fact that a breeder exhibits at New York, is in itself a recommendation, and his fowls with their scores are entered on the official books of the Exchange and form a record for future reference.

OF THE

New York Poultry Exchange

FOR 1887.

PRESIDENT,	MARK M. POMEROY.
VICE-PRESIDENT,	JAS. S. SPENCER.
RECORDING SECRETARY,	HENRY C. FRINK.
CORRESPONDING SECRETARY,	J. FRANK CLARK.
TREASURER AND BUSINESS MANAGER,	L. N. CLARK.

Board of Trustees.

MARK M. POMEROY,	JAS. S. SPENCER,	L. N. CLARK,
HENRY C. FRINK.	J. FRANK CLARK.	

HALL SUPERINTENDENT,	GEO. S. PRATT.
SUPT. OF PIGEON DEPARTMENT,	MRS. E. S. STARR.

Judges for 1887.

J. Y. BICKWELL,	I. K. FELCH,	J. D. NEVIUS,	GEO. O. BROWN,
GEO. S. PRATT,	ABEL F. STEVENS,	CHAS. F. THOMPSON.	

GENERAL RULES.

1. All entries must be made on blanks furnished by the Secretary. All entry fees must be paid in full when the entry is made. All checks, drafts and money orders should be made payable to the New York Poultry Exchange.

2. Prizes in all departments are open to general competition.

3. Specimens competing for prizes must be entered in the name of the owner.

4. Entries in all departments should be made before December 1st. Entries received from December 1st to 10th, will be charged 10 per cent. extra.

Entries will positively close at noon on December 10th.

5. Specimens not entered in time cannot compete for prizes, but will be admitted for exhibition on payment of the regular entrance fee.

6. Specimens entered in Sales Department cannot compete for prizes. They will be shown in a separate portion of the hall, and if not sold at private sale, will be put up at auction on the last day of the exhibition. Specimens regularly entered in other departments will be admitted to this department without extra charge.

7. The hall will be open for the reception of specimens Tuesday, December 13th. Every exhibitor is requested to see that his stock is shipped so that it will arrive on that day. Ship fowls by express only. Prepay all charges to the Garden.

8. Exhibitors must use the Direction Cards, which will be furnished by the Secretary upon receipt of entry. At the close of the show, all specimens will be returned to their owners over the express lines by which they came.

9. The American, Adams, United States, National, International, New York & Boston Despatch, Long Island and Erie Express Companies have kindly offered to return, free of charge, all specimens that have not changed ownership.

10. The Exchange will not be responsible for losses or accidents. The stock will be cared for in the best possible manner, and every precaution taken against accident, damage or loss.

11. The Board of Directors will have entire charge and control of the exhibition.

12. The exhibition will be opened to the public on Wednesday, December 14th, at 9 A. M., and will be open daily from 9 A. M. to 10 P. M. The exhibition will finally close on December 21st, at 10 P. M.

13. Admission tickets will be issued as follows :

Single Tickets,	50
Tickets for children under 12 years of age,	25
Season Tickets, not transferable, each,	3 00

Exhibitors whose entrance fees amount to \$3.00 will be furnished with Season Tickets, forfeited if transferred.

Every Member will be furnished with a Season Ticket for himself and lady.

Fowls will be cooped and fed by Spratt's Patent (America) Limited.

POULTRY DEPARTMENT.

RULE 1.—Every specimen exhibited will be entered in the Score Book of the Exchange. All specimens not disqualified will be scored and the official score placed in the Score Book, which will be a permanent record, and on a certified score card which will be attached to the coops when judging is completed.

RULE 2.—The latest edition of the "American Standard of Excellence" will be the guide of the Judges for all breeds admitted to the Standard. The White Wyandottes, White Plymouth Rocks and Black and White Minorcas will be judged by standard furnished by the Clubs representing those breeds. Other breeds will be left to the discretion of the Judges.

RULE 3.—All specimens scoring 90 or more points, will be given a **CERTIFICATE OF SUPERIORITY**, showing that they belong to the First Class.

All specimens scoring 85 or more points and less than 90 points, will be given a **CERTIFICATE OF EXCELLENCE**, showing that they belong to the Second Class.

All specimens scoring 80 or more points and less than 85 points, will be given a **CERTIFICATE OF MERIT**, showing that they belong to the Third Class.

RULE 4.—All the specimens of each variety enumerated will compete for premiums. The highest scoring specimen will be awarded the **FIRST PRIZE**, the second highest, the **SECOND PRIZE**, and the third highest the **THIRD PRIZE**. But no First Premiums will be awarded to specimens not in First Class, and no Second Premiums to specimens not in First or Second Class; and no Third Premiums to specimens not in First, Second or Third Class.

RULE 5.—**BREEDING PENS** shall consist of one male and four females, and they will be divided into First, Second and Third Class, in the same manner as single specimens, the score of the male and the average score of the females to determine the class.

The Breeding Pen of each variety enumerated, in which the score of the male added to the average score of the females makes the highest number of points, will be awarded the **FIRST PRIZE**, the next highest scoring pen the **SECOND PRIZE**, and the third highest the **THIRD PRIZE**. Breeding pens must be in First Class to receive **FIRST PRIZE**, Second Class or better to receive **SECOND PRIZE**, and Third Class or better to receive **THIRD PRIZE**.

RULE 6.—Specimens hatched during 1887 shall be termed Chicks, Cockerels and Pullets, previous to 1887, Fowls, Cocks and Hens.

RULE 7.—Specimens artificially colored, doctored or altered in any way from their natural shape and condition, will be debarred from competition, the docking and trimming of Games and Game Bantams alone excepted.

RULE 8.—During the exhibition no specimens can be removed from the hall except by order of the Superintendent. Specimens showing symptoms of disease will be removed and properly cared for.

RULE 9.—Entries shall be made singly or in Breeding Pens, except in Miscellaneous Class, Turkeys, Ornamental and Aquatic, in which they must be made in Pairs or Breeding Pens.

Entry Fees will be :

For Single Birds,	\$1 00
For Pairs,	2 00
For Breeding Pens,	3 00

This will entitle any exhibitor to the use of a separate coop for each entry, care, attention and feed during the show.

RULE 10.—Specimens entered in Breeding Pens may also compete for prizes offered on single birds, by paying the single entry fee and being marked by a band on the right leg.

RULE 12.—In making entries of specimens that are for sale, exhibitors are requested to state the price in the entry in order that the price may be printed in the Catalogue.

Exhibitors who cannot attend the show may authorize the Secretary to dispose of their specimens at the prices stated in the entry. On sales so made a commission of ten per cent. will be charged. Exhibitors selling their own birds pay no commission.

SALES DEPARTMENT.

RULE 13.—The entrance fees in this department are as follows :

Single Birds or Pairs,	\$ 50
Trios,	75
Breeding Pens of 4, 5, 6 or 7 Specimens,	1 00

The name of the breeder and the selling price will be placed on the coops. A commission of ten per cent. will be charged on all sales in this department, whether made by the Secretary, the Auctioneer or by the exhibitor. (See Exceptions for Members.)

All specimens not previously sold will be put up at auction on the last day of the show. An auctioneer's fee of 50 cents will be charged on each sale so made.

RULE 14.—MEMBERS. No commission will be charged Members of the Exchange in the Sales Department.

In the Exhibition Departments Members may deduct 25 per cent. from the regular entry fees.

Admission tickets will be issued to Members whether they are exhibitors or not.

MISCELLANEOUS DISPLAYS.

Space will be allotted for exhibits of Incubators, Brooders, Poultry Houses, Supplies, Fixtures, Coops, etc., on application.

Spaces will be laid off 10 feet by 12 feet and ten dollars will be charged for each space. Spaces with a frontage of 5 feet on the aisles and 12 feet deep will be rented for \$6.00. Privileges for the sale of poultry literature, confectionery temperance beverages, etc., will be charged for according to the space occupied.

PIGEON DEPARTMENT.

OPEN TO ALL STANDARD VARIETIES.

Entries shall be of single birds, or of collections.

A collection is the birds in one coop without compartments. The number of specimens not limited, but the entry must be of one variety. The entry fee will be as follows :

Single birds.....	\$ 50
Collection of 10 pairs or less.....	1 00
“ “ 10 to 25 pairs.....	2 00

On large collections the fee will be a matter of correspondence.

Only the birds entered and shown singly will be scored. But birds entered singly after being scored may be marked and added to a collection.

No one will be permitted to be in the vicinity of the coops, or to converse with or make suggestions to a judge when at his work.

All coops will be secured by lock. No one will be permitted to have access to the occupants of the coops except by permission of the owner in writing, endorsed by the manager of the department.

No specimen can be removed from the coops during the show except by permission of at least two other exhibitors in this class.

Every bird entered singly will be judged, and if not disqualified, will be accorded a certificate or merit as a first, second or third rate bird. This certificate to bear the signature of its judge.

The judge of each variety will be an expert in that variety and will not be an exhibitor directly or indirectly in that class.

The money prizes will be

For best cock.....	\$1 00
“ “ hen.....	1 00

To receive a money prize the bird must have first received a certificate as a first rate bird, and the class must have had at least five entries.

The Special Silver Cup for Homing pigeons is open to competition by the birds of any exhibitor at the show. Certificates will be given for each of the birds on exhibition for each of the distances of a Federation series, and for the bird shown with record for greatest distance. Rules of the American Federation to govern.

Birds must be shown in natural condition. Plucking, adding feathers, painting, dyeing, making, or the practice of any of the arts known to the pigeon fancier, will disqualify the bird and be published.

DOG DEPARTMENT.

The large number of Toy Dogs in this city and vicinity, the attractiveness of an exhibition of these pets, and the large interest that such an exhibition arouses, have induced the management to add this department to the coming show. The large hall over the entrance will be used for the Dogs, Cats and miscellaneous pets, and special efforts will be made to bring together the best collection of these animals that has ever been seen in this city.

This department will be particularly attractive to ladies and children, and coming, as it does, just previous to the Holidays, a large attendance is expected.

RULES AND REGULATIONS

RULE 1.—An entry fee of \$2.00 will be charged for each dog, and \$5.00 for each litter of puppies. This will entitle each entry to a separate cage or stall and proper attention and feed during the show.

RULE 2.—All entries must be made on blanks, which will be furnished by the Secretary on application. Entrance fees must be paid at the time of making the entry.

RULE 3.—Every precaution will be taken to insure the comfort and safety of all the dogs exhibited. An experienced Superintendent with competent assistants will be in charge through the day, and a watchman will be on duty at night. But no responsibility will be assumed for loss or injury, whether caused by accident or otherwise.

RULE 4.—Dogs will be received at the Exhibition Building on the afternoon of December 13th and the morning of December 14th. Arrangements will be made so that exhibitors may remove their dogs from the hall at 10 o'clock each evening, provided they agree to return them before 9 o'clock the following morning.

RULE 5.—No cards announcing pedigrees, previous winnings, etc., can be attached to the cages or stalls until after the judging is completed. Premium cards will be attached as soon as possible after the judging is finished.

RULE 6.—Prizes will be awarded by competent judges. Only dogs deemed worthy will be given prizes. All dogs affected with disease will be rigidly excluded from the exhibition.

CATS AND MISCELLANEOUS PETS.

Entry fee for Cats, each,	\$1 00
“ “ Rabbits, pairs,	1 00
“ “ Guinea Pigs, pairs,	1 00
“ “ Squirrels, pairs,	50
“ “ Birds, each,	50

Exhibition Cages will be provided for Cats, Rabbits, Guinea Pigs, etc. Squirrels and Birds must be shown in exhibitors' cages.

Rules and Regulations in Dog Department, in regard to manner of making entries, reception of specimens and awarding prizes, apply in this department.

THE PERFECT HATCHER.

To our Patron: and Correspondents all over the World:

WE desire to say that the Fourth Annual Show of the New York Fanciers' Club, at Madison Garden, held—February 3d to 10th, 1886,—we are happy to state that we were again awarded the GRAND GOLD PRIZE, *the very highest award of the Society.* We have exhibited the PERFECT HATCHER at each of these Annual Shows, and every time we have captured the highest premium against all competitors, and this last year the array of Incubators was the largest ever known at any one show in the world. *The evidence is complete, that the PERFECT HATCHER is THE BEST.* If you wish to obtain good results you must buy a good machine. The cheap, trashy machines on the market are a delusion and a snare, and should be shunned; all who buy them are deceived.

We desire to call your attention to the fact, that many old fashioned fanciers make the claim that an artificially hatched bird can never enter the show room and take a first premium. We take great pride in being able to make the statement, that at this great show of over 1,800 cages, we were able and permitted to pin the following card on over 300 cages:

“These Birds were Hatched by the Perfect Hatcher.”

Many of them were first premium birds; they were from every variety. We herewith append a few of the winners and classes, all of which can be affirmed by the owners of the birds, also by reference to the official report of the Fanciers' Club:

WINNINGS AT MADISON SQUARE GARDEN, 1886.

COFFIN, ZIMMER & CO., Glens Falls, N. Y. 1st. Breeding Pen Black, Rose Comb Bantams; 1st. Breeding Pen Silver Seabright Bantams; 1st. Silver Seabright Bantam Fowls; 1st. Silver Seabright Bantam Chicks; 1st. Red Pile Game Bantam Chicks; 2d. Embden Geese; 2d. Pekin Ducks. Special for largest display of Bantams.

This firm had 120 birds exhibited, and they were all in the first class, scoring 90 points and over.

CHARLES M. GRIFFING, Shelter Island, N. Y. Pen of Plymouth Rocks, Cockerel, 93½ points. Four Pullets, 92, 92½, 87½, 93½ points. One pair of Chicks, 184 9-16 points. One pair of Chicks, 182 points: J. D. NEVIUS, judge.

Two of the Cockerels were sold by Mr. GRIFFING to W. K. VANDERBILT.

We could go on with a long list but space will not permit. The above is sufficient to prove that in the greatest show ever held in America, the birds hatched by the PERFECT HATCHER stand at the head of the list.

Now we regard this as a complete answer to the critics, that artificially hatched birds can and do take as many premiums as any others; and we can also adduce evidence that birds artificially hatched and reared are finer in flavor, weigh more at three months, and are in every respect superior to the barnyard raised birds, and will always command a higher price.

Don't be deceived, but buy the best. Our system of brooding is as perfect as our system of hatching. All orders promptly filled.

CURE OF HERNIA

—BY—

Frink's Rupture Remedy

WESTON, Mich., July 18, 1887.

Mr. O. FRINK, NEW YORK:

Respected Friend:—You remember, perhaps, that some months since I sent to you for a box of your Rupture Remedy. You sent it promptly, and I think I can safely say that it has saved my life. That is putting it down pretty bold, but those of my neighbors, including Dr. Hoover of this village who examined my case, will endorse what I say. Dr. Hoover says that my case is one out of a thousand. I have no words to express my feelings for being snatched from the brink of the grave. My suffering was terrible. I can never tell it. I had tried no less than six different trusses, but they would not hold the hernia. My case was getting desperate. Finally, a lady of Butler, Ind., made and sent to me a supporter that held the hernia in place, and then your Remedy came in and did its magic work. It appears almost a miracle. I am to-day doing strong, heavy work, being a builder by trade; am wearing no truss or supporter of any kind, and if I was afflicted again with hernia I would have FRINK'S RUPTURE REMEDY if it cost *Five Hundred Dollars* per box. I believe (when I think of my own terrible case) that it will cure any case where the hernia can be held in place. I can't express my feelings of gratitude. I am more than thankful, yea, I am a happy man. I owe it to your remedy.

Now, kind sir, if there is a word in this rough letter that I write you that will aid you in sending the good news to the afflicted—those who are suffering with hernia—you are at liberty to use it in any way that you may wish. You may boldly say that "Rupture can be Cured," for I am a living witness to the truth of the assertion. I myself have been through the fire, and came out without spot or blemish.

Ever yours in gratitude,

H. N. CROWE.

Despite the acknowledged great value of FRINK'S RUPTURE REMEDY, the price is still kept down to the low figure of Five Dollars (\$5) per box, so that every ruptured person can have an opportunity of testing its wonderful power. Sent by mail, post paid, upon receipt of price. Address:

O. FRINK, 234 Broadway, New York

Poultry and Pet Dog Show.

Madison Square Garden, N. Y. City

December 14th to 21st, 1887.

THIS SHOW WILL BE DISINFECTED EXCLUSIVELY WITH

“SANITAS,”

*The most powerful Disinfectant, Antiseptic and Deodorant,
Fragrant and Non-poisonous.*

IMPORTANT TO POULTRY BREEDERS, FARMERS AND OTHERS.

- “SANITAS” Disinfecting Powder. A powerful and pleasant preparation for use in Poultry-yards, Stables, Kennels, Farm-yards, etc.
- “SANITAS” Crude Disinfecting Fluid. A concentrated form of “Sanitas,” to be diluted with water, for use in Poultry and Farm-yards, and for flushing drains.
- “SANITAS” Disinfecting Insect Destroyer.
- “SANITAS” Disinfecting Sheep Dip.
- “SANITAS” Disinfecting Animal and Soft Soap for washing horses, cattle, etc., and for the cure of mange and other skin diseases.
- “SANITAS” Disinfecting Veterinary Ointment, for wounds, sores, sprains, etc.
- The regular use of the “Sanitas” Disinfectants prevents the spread of all infectious and contagious diseases.
- “SANITAS” Disinfecting Fluid, for sprinkling about rooms, disinfecting linen and for general house use.
- “SANITAS” Disinfecting Oil for fumigating sick rooms, treatment of lung and throat complaint, etc., and for the cure of husk of cattle.
- “SANITAS” Disinfecting Laundry and Toilet Soaps.
- “SANITAS” Disinfecting Toilet Fluid and Tooth Powder.
- “SANITAS” Disinfecting Jelly, for cuts, wounds, burns and sores.
- “SANITAS” GOLD MEDALS, Calcutta, 1883-1884, and Paris, 1885.

Dr. R. Ogden Doremus, Professor of Chemistry and Toxicology to the Bellevue Hospital Medical College, and Professor of Chemistry in the College of the City of New York, writes:

“There are no preparations to my knowledge which combine such valuable disinfecting and antiseptic powers as the “Sanitas” Liquids, and which at the same time are neither poisonous nor corrosive.”

EUREKA EGG * SAFE!

Patented February 12th, 1887.

— WHAT IS CLAIMED FOR IT. —

It will keep eggs in their normal state longer than any way known.

The principal upon which it is made is to keep the egg lying on its side on a slat concaved to its form and separated from the neighboring eggs by means of a comparted rack, and by the tilting of the safe the eggs make a half revolution, thus keeping the yolk in the center.

The above is entirely consistent with nature.

It is made of wood ; will not wear out ; is portable, only weighs 35 pounds for a safe holding 50 dozen ; can be detached by sections without stopping to loosen a fastening of any kind, so that it is no more bother to store away eggs than in baskets.

The eggs do not crush by coming in contact with each other, and are easily counted, for each section holds 6 1-4 dozen.

PRICE LIST.

Size No. 1, holding 12 1-2 dozen,

\$1.50 each.

Size No. 2, holding 25 dozen,

2.50 each.

Size No. 3, holding 50 dozen,

4.00 each.

PRACTICAL POULTRYMEN

— SAY THAT! —

The New England Fancier

— IS —

One of the Poultry Papers that they can't get along without

— BECAUSE IT IS —

NEWSY, FRESH AND ORIGINAL!

It follows no beaten track, but has a style peculiarly its own, and it is honest and reliable. It aims to cover the New England territory thoroughly, and is increasing its circulation every week. It started as a four-page paper and has now increased to twenty pages with a handsome cover, which is a good indication of the success it has attained. As an

Advertising Medium

It is unsurpassed. For proof of this statement, try it. The paper covers the entire poultry field, and is the paper for all interested in poultry.

SUBSCRIPTION PRICE, 50 CENTS PER YEAR.

* TRY + IT + FOR + A + YEAR *

Each number contains information worth ten times the subscription price. It gives all a chance to state their views. Its circulation is large, its location central, and all in all it is one of the best poultry magazines yet published. Send for a copy.

Chick-chick-er-re-kee

ASK YOUR GROCER FOR IT.
ASK YOUR DRUGGIST FOR IT.

Prevents Roup, Prevents Gapes, Prevents Cholera, Prevents Egg-Eating, Prevents Laying Soft Eggs, Makes Hens Lay.

IT IS NO POWDER. IT IS NO MEDICINE.

It Sells for Six Cents Per Pound,
in Boxes.

Chick-chick-er-re-kee (poultry food and preventive of disease for poultry), the great egg food, produces eggs prodigiously and is good for the health of the fowling. It is the first article of its kind ever Patented in the United States, Canada and England. Try it. It costs only six cents per pound. It is no powder. Chickens will eat it. That ought to convince you that it is good. If your Grocer, Druggist, Hardware or Country Storekeeper will not get it for you, send me one dollar, and I will ship you a twenty-pound box by freight, or one hundred pounds for five dollars. A large box will cost you no more freight than a small box. Attend to your poultry, if you want to make a profit out of them, just the same as you attend to your land. Unless you manure your land it will not pay you. Just so with poultry; you must give them something besides feed. They must have material to answer for grinders, and material for the egg. If you feed Chick-chick-er-re-kee (egg food), every day you will never have any sick chickens, and your hens will lay eggs when otherwise they would not. You will never do without it after a fair trial. Do not pay twenty-five or fifty cents a pound for medicine to feed your poultry when you can get a better article from your storekeeper at six cents a pound. Don't be a clam; try it. Manufactured in the United States only by

S. S. MYERS, Patentee,

629 N. Front St., PHILAD'A, PA.

See what the Secretary of the Interstate Poultry and Pet Stock Association, of Cobden, Illinois, says:

August 3, 1886.

S. S. MYERS,

DEAR SIR:—I have used some of your Chick-chick-er-re-kee (Poultry Food). I am satisfied that it increases the egg production of my fowls.

A. A. COWDERY.

Best Following Testimonials.

JONESTOWN, COHOMA Co., Miss., Oct. 4th, 1886.

S. S. MYERS.

DEAR SIR:—Enclosed find six dollars, ship me one hundred pounds Chick-chick-er-re-kee it is the best food of the kind that I ever tried for eggs and to promote the general health of fowls.

NOEL R. HAMER,

Pastor M. E. Church.

S. S. MYERS.

DEAR SIR:—Your Chick-chick-er-re-kee, received from you last spring, has given good results so far. My chickens are in better condition, and we get more eggs than we ever did before at this time of the year.

T. J. MCGINNIS,

Breeder of Bronze turkeys and fancy chickens.

DIXIE POULTRY WALKS.

LOUISA C. H., VA., April 1, 1886.

S. S. MYERS.

DEAR SIR:—I ordered, a short time since, 20 pounds of your Chick-chick-er-re-kee (Poultry Food). I am satisfied that it is a good thing for poultry and well worth a trial by all who raise fowls, whether for pleasure or profit. Yours truly,

DIXIE POULTRY WALKS.

LEESVILLE CROSS ROADS, O., }
March 1, 1886. }

S. S. MYERS.

DEAR SIR:—I have 40 hens, and have been getting very few eggs until I fed Chick-chick-er-re-kee. On March 1st I got 18 eggs. My chickens are all healthy. Chickens have died all around me with cholera, but none of mine. I would not do without your Chick-chick-er-re-kee now.

W. DEWALT.

EAST BRADY, CLARION Co., PA., June 4th, 1886.

S. S. MYERS.

DEAR SIR:—After having used your Chick-chick-er-re-kee nearly six months, and having observed its good results in the quantity and quality of eggs, condition of chickens and of young chicks, I can say it is all you claim for it, have not lost a chicken through sickness, since using it.

L. C. LONGWELL,

breeder of Wyandottes.

Read what the Sub-agent of the Commercial Union Assurance Co (Limited), of London, says:

MONTEZUMA, IOWA, Sept. 16th, 1886

S. S. MYERS

DEAR SIR:—I have been feeding Chick-chick-er-re-kee to my beautiful Wyandottes. They are growing fine. It gives their feathers a beautiful lustre and keeps them healthy. One of my cockerels had the *roup* so badly that both eyes swelled shut I had to feed him for about eight days, by putting feed into his mouth. I gave him Chick-chick-er-re-kee, and feed to the rest of my flock, and I had no more roup among them, and saved the one that was sick. I have 40 of as fine Wyandottes as can be produced in the State of Iowa, or any other State. They are admired by all who see them for their beautiful yellow legs, lace of plumage, compact, plump body, and close-fitting rose combs; in fact, they are about perfect. A. I. MABIE,

Breeder of Wyandottes.

POMEROY'S
Advance Thought,

BY
BRICK POMEROY,
234 BROADWAY, N. Y.

One Dollar a Year.

CLARK'S POULTRY FOOD.

TRADE MARK.

The cheapest and best food for all varieties of land and water fowl. It is composed of the most nutritious grains, steam cooked and combined with phosphates and stimulants in the right proportions to produce the best results.

A series of practical experiments with different kinds of feed and the comparative value of the different grains, extending over the past four years, has enabled us to determine what are the best grains for fowls, and in what proportions they should be fed. As a rule fowls are fed too much corn and corn meal, which are rich in carbon, and produce an unhealthy fatty tissue. The fowls become sluggish and stand around in idleness, show no activity or disposition to forage, and lay but few eggs.

When "C. P. F." is used, the expense of feeding is reduced and the results are doubled.

It keeps fowls in fine condition.

It prevents over-fat.

It produces the largest yield of eggs.

It costs one third less than any other feed.

For Growing Chickens.—Containing as it does all the elements necessary for the formation of every part of the frame, it is the best possible feed for young stock, bringing them to maturity strong in frame, form, and feather, and producing active males and pullets that lay earlier than if fed the ordinary way.

For Laying Hens.—It supplies the natural requirements of the body, maintains a healthy condition of the organs, and furnishes material for forming the shell, albumen and yolk of the egg.

For Ducks.—The cost of feeding ducks generally wipes out any profit that might be made raising them. They have voracious appetites, and if fed rich grain will eat their heads off before they are grown. Use "C. P. F." and they will grow rapidly, without danger of weak legs, and pay a good profit.

Directions for Feeding.—Mix with water, until the mass is crumbly and adheres together, not wet and sloppy. Feed what the fowls will eat up clean, which will be about one quart to every ten hens. Feed "C. P. F." morning and evening in Summer, in Winter use "C. P. F." in the morning and corn or wheat at night. Feed in wooden troughs, not on the ground.

PRICE.

50 cents per bushel, in bags of 2 bushels each.

Bags 10 cents extra, refunded when bag is returned.

Special rates to grocers and feed men.

The New York Poultry Exchange

Is incorporated under the laws of the State of New York, and has a capital stock of \$10,000, divided into 1,000 shares of \$10.00 each.

The object of the Exchange is the association of breeders, poultry raisers, and all interested in fine fowls, pigeons, etc., together into a Stock Company for the following purposes:—

1. Holding an Annual Competitive Exhibition of Thoroughbred Fowls and Poultry Appurtenances in one of the exhibition buildings of New York City.

2. Conducting Auction Sales of fancy fowls at the Exhibition, and at such other times as the Board of Trustees may direct.

3. Leasing and occupying a suitable store as the headquarters of the Exchange, and keeping on sale Fowls, Incubators, Poultry Supplies, and apparatus of all kinds pertaining to the poultry business.

4. Advancing the Poultry Interests of America, disseminating Poultry Literature, improving shipping facilities, protecting buyers of fowls and eggs against imposition, and assisting the members of the Exchange in the sale and purchase of stock.

Everyone having the true interest of the poultry industry at heart should join the Exchange, lend his support and increase the effectiveness of the organization. The privileges that members secure is worth much more than the cost of joining. At Exhibitions members save twenty-five per cent., of the entrance fees on birds entered for competition. In the Sales Department they save the ten per cent. commission charged on all sales, whether private or at auction. Members have, at all times, the privilege of placing fowls on private sale at the store, the Exchange receiving commission on all sales to cover the expense of feeding, furnishing coops, etc.

The Exhibitions will be conducted so as to be not only popular successes, but financial ones as well. The Exchange is co-operative in its nature. From the profits that accrue from the exhibitions and from the general business, dividends will be declared that will exceed legal interest to as great an extent as possible.

These inducements are offered in order to obtain a membership covering every State and Territory in the Union. That the shares be held over as large an extent of country as possible, for the benefit of poultry breeders wherever located, the association prefers to sell not to exceed five or ten shares to any one person. Orders for one share \$10, or one to ten at the same rate will be received. Not a share of stock will be sold for less than the par value, ten dollars.

Subscriptions for stock and all communications should be addressed to—
